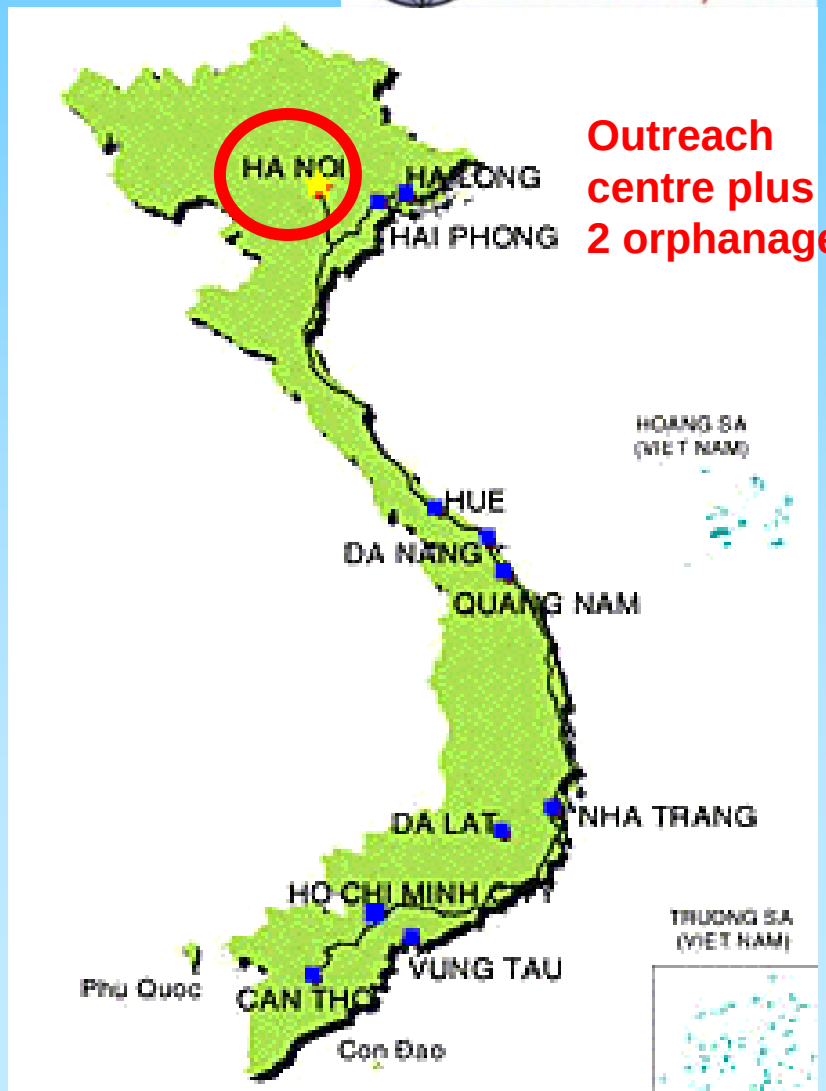
Budgeted Mission Funds Disbursed in 2008



Outreach centre plus 2 orphanages

GMT Vietnam

Contribution for Two Orphanages

- GMT is a missions effort in service for over 30 years, focusing on training leaders and developing social relief care in restricted nations.
- GMT's vision is also to mobilize, enlist, train and release the next generation of workers through internship programmes.
- In Asia, GMT is based in Malaysia, and is actively involved in Vietnam. The Vietnam work is focused on raising leaders as well as in social work. In 1991, GMT set up an orphanage upon the government's invitation. There are now 2 orphanages with 160 children.
