

Or HaCarmel “Light of Carmel” Israel Peter & Rita Tsukahira

The vision for Or HaCarmel Ministry Center is to become a place for three-fold ministry purposes—humanitarian aid, spiritual leadership training and intercessory prayer. Humanitarian aid will focus on the weak and needy members of Israeli society. We foresee that the new facilities will house a refuge for women, ministry to children and a counseling/healing center. Kehilat HaCarmel’s “Raven’s Basket,” a food program for the poor, now feeds over 80 families in a number of Haifa neighborhoods as well as in the village where the Worship Center is located. This feeding program will include clothing distribution and will be based in the new facility. Spiritual leadership training will include a school for leadership, cell leader training and congregation planting. Internships in several areas of ministry will be offered and our existing School of Ministry will also be headquartered in the facility. In addition, a library and media center housed in the ministry center will provide for Bible-based education. Intercessory prayer teams coming to our Worship Center’s “Prayer Cave” will be accommodated in the ministry center’s lodgings. We envisage a continual prayer watch made up of intercessors from the nations as well as local Israeli believers.
